Technical Specifications

Product specification:

Performance standard confirm closely to American Nema Standards Ld31985, European Din Standards, B.S.S. (British Standard), ISI (Indian Standard Institution 2046 1969).

Size & Thickness:

2.44 x 1.22 mts / 1 mm Tolerance ± 10%

Resistance:

To boiling water, hot edible oil, direct heat of 275°F. Chemicals such as Phenols, acid and alkalies, ink, crayon, detergents, mercurochrome and beverages like milk, tea, coffee.

Maintenance:

The decorative surface may be wiped clear with ordinary house hold liquid detergent / soap. Stain if resistant can easily be removed with organic solvents like white spirit. Abrasive cleaners, acids, alkalis and wire brushes are not recommended, Resistance and maintenance conditions does not apply to metallic laminates since they are created for special optical effects and are very sensitive.

Ordering:

Always specify colour or design name along with finish name and numerical designation. Material is available in glossy, matt, wood touch & suede finishes.

Note:

Sample pasted describe design, colour, finish only and not actual thickness.

Warranty:

The company warrants that its products are free of defects in material and workmanship and they are fit and suitable for usual purpose under normal and proper use. The product must be inspected prior to installation and factory liability will be limited to the cost of the product only.
